

Potential partner for the new field next to Summerhour

Norcross Soccer Academy

Who We Are

The United Futbol Academy (UFA), is a nonprofit organization established in 2010, out of the need to promote the game of soccer and to provide a new soccer experience for the community. UFA is the result of the merger of two neighboring soccer clubs: Atlanta Soccer Academy and Forsyth Fusion Soccer Club in 2010 and later Norcross Soccer Academy in 2014.

UFA competes against other clubs within the state through **Georgia Soccer**, abiding by guidelines set forth by this organization. In addition to this competition, many of our travelling teams successfully participate in regional tournaments and the **Region 3 Premier League (R3PL)** which operates throughout the Southeastern United States.

UFA is devoted to providing a developmental structure along with quality instruction for children ages 3-18. In order to experience the game of soccer at every level, we offer various programs within the club: recreational, academy, select and TOPSoccer; which encompass each child's soccer potential. We also offer an adult league for people over the age of 18.

UFA functions under the belief that the true value of success in soccer lies through the overall development of the individual player's soccer skills (technical, tactical, physical and psychological) as opposed to the result of each game. To allow each player to develop at his or her own pace, we operate under the club system utilized around the world in which every player in each age group has the opportunity to reach their full potential.

UFA wants to be successful in creating an organization that sustains the club over time, contributes to the community, and provides valuable life experiences for young players.

Our Locations

The United Futbol Academy (UFA) now has programs at the following locations:

- Forsyth
- Norcross
- Dawson
- Lumpkin

Click on each location to learn more about the programs.

Mission Statement

United Futbol Academy's (UFA) mission is to provide soccer players of all ages the appropriate level of play and training in a supportive environment where skills for soccer are developed alongside skills for life.

Our goal is to promote the game of soccer by providing a positive learning atmosphere, where players can achieve their full potential in the development of their technical, tactical, physical and mental skills, regardless of skill and ability.

Our purpose is to create challenging programs that are attractive to the novice player, challenging to the average player, and demanding to the most advance player wanting to play at the highest level.

We want to develop a multicultural organization with a vast array of staff and players to further enhance the culture of the game in an environment that is professional yet enjoyable.

Skills for Soccer. Skills for Life.

United Norcross Soccer Academy and the City of Norcross –
Soccer field development project.
